

KIDS CONSIGNMENT SUPPLY LIST

- Band-aids
 - Between safety pinning everything and using a packing tape gun, it always gets bloody at some point.
- Wire Hangers (apparently you may be able to obtain these for free or little cost at a local cleaner.)
- Safety Pins
 - Tip: I get em' cheap at Walmart.
 - Tip: The ones I have bought at a dollar store in the past were kind of dull. My mom showed me a trick though, get out a bar of soap and stab the pin into it and it helps it go through the fabric.
- Light Colored Card Stock (white is the easiest).
- Printer Ink
- Printer
- Computer
- Scissors
- Zip Ties (for shoes)
- Zip-lock bags (for loose items or linens)
- Packing tape (having a packing tape gun helps keep the tape in order so you don't end up throwing it.)
- Good Lighting
- Some stains are hidden in plain sight unless you're in good light.

Cleaning Supply List

- Magic ErasersTip: These get most hard to clean dirt, scuffs & marks off toys.
- Bleach Pens
- Stain Remover
- Fabric Shaver- cleanly removes those weird "balls" you get on clothing that makes them look worn out. Sweater Fuzz Buzzer
- A piece of foam
 - I learned while working at a high-end woman's clothing store that you can get a lot of surface dirt or deodorant out with a piece of foam.
